EDUCATION

Bachelor of Artificial Intelligence FAST NUCES

09/2020 - Present

CGPA :3.16

Courses

- Programming for AI
- Machine Learning
- Programming Fundamentals
- Data Structures
- Natural Language Processing
- Artificial Intelligence
- Artificial Neural Network
- Object Oriented Programming
- Data-Base System
- Digital Image Processing

PERSONAL PROJECTS

Sales Analysis (11/2022 - 12/2022)

- Built In Python
- Domain: Machine Learning
- Predicted Price For Russian Software Firm 1C-Company

Meme Analysis (04/2022 - 05/2022)

- Build In Python
- Domain: Machine Learning
- Predict Meme Is Funny

University Management Application (04/2022 - 05/2022)

- Build In C#
- Desktop Application
- Group Lead Of The Project

RUHA (11/2021 - 12/2021)

- Build In Python
- Audio Recognition
- Domain: Machine Learning

Hotel Management System (04/2021 - 05/2021)

- Build In C++
- Object Oriented Programming
- Individual Project

Ludo Game (11/2020 - 12/2020)

- Build In C++
- Graphics Were Included
- Four Players Individual Game

SKILLS

Python

NumPy

Pandas

Matplotlib

Sklearn

Artificial Neural Networks

Machine Learning

Natural Language Processing

Image Processing

Data Scraping

SQL

C/C++

Oracle

Git

Object Oriented Programming

ACHIEVEMENTS

Dean's List Of Honor

FAST NUCES Fall 2022

Dean's List Of Honor

FAST NUCES Spring 2023

RESEARCH PROJECT

News Driven Stock Market Forecasting (09/2022)

Working on a Stock Market Prediction With News Analysis Under sir Umair

CERTIFICATES

SOFTEC Competition (02/2022)

Participated In Artificial Intelligent Project Competition

AIO Hackathon Winner (11/2023 - Present)

LANGUAGES

Urdu

Full Professional Proficiency

English

Professional Working Proficiency
